'Eoin has completed the hard yards himself and now in Outcome Running he shares his experience and wisdom gained along the way. It's a book that can help you reach and live in the Positive Zone like Eoin does today'. Frank Greally Editor, Irish Runner

'I really love your journal! I have been recording my runs in a running journal for a couple of years now, but yours lets me focus on the whole picture. I know I need to work on getting more sleep and drinking more water for example'. Michelle Chisholm, Canada
